About thirty years ago two German physicians made the wonderful discovery that every portion of the body is controlled by and supplied with vitality by nerve centers located in different parts of the brain.

Later Dr. Miles, President of the Grand Dispensary, discovered that defects of these delicate centers were a prolific cause of many weaknesses and diseases of the various bodily organs. If an engine does not receive sufficient power it cannot do ts work. The same is true of the lungs, heart, stomach, liver, kidneys, womb, bladder, etc. Loss of nerve power is a prolific cause of consumption, dyspepsia, headache, pain, Brights' and heart disease, nervousness, debility,

This discovery is rapidly revolutionizing the treatment of this class of diseases. Cases that were formerly incurable now yield readily to Dr. Miles' new treatment. Weak nerve centers cause or complicate every lingering or chronic disease. Persons having any weakness or, disease, should read Dr. Miles' "Neuropathy," a booklet treating on Nerve Cure for all chronic diseases, which will be sent free. It contains many interesting facts and fine illustrations control the numerous organs. It shows the seat of life where a pin prick will cause instant death. Do

not fail to send postal for it. If you wish a better understanding of your disease, if you desire a speedy cure, if you would prolong your life, remember that "Knowledge is power" and send a postal For particulars enquire of to Franklin L. Chicago, Jan. 2.-Three persons were killed and others were injured last night in a fire that destroyed the Louvre family hotel, 3611 Lake avenue. Nearly 100 persons were in the hotel when the fire broke out. Many had gone to bed. Everyone became panic-stricken and rushed for the street. The dead have not been identifled. The injured: M. M. Bright, leg broken in falling in darkened hallway; William Hayden, waiter, burned hands and face cut by glass. Dr. Von Schill, severe injuries to back and leg in fall on stairway; Fred Hopp, fireman, leg broken by fall from engine.

GLOOMY VIEW OF IT

London Has Forebodings of Trouble In the Far East.

London, Jan. 2.—The far Eastern outlook is gloomy. No further news has developed, but the fact that not a single telegram from Japan has been received by any London newspaper since Thursday night in itself creates held at the office of Wm. H. Brad- alarm. The telegraph company is not bury & Son in the Westcott block on aware of any delay in the transit of messages, and it therefore is supposed that the Japanese government is stopping dispatches. The feeling of apprehension is reflected at Lloyds, underwriters demanding additional premiums to cover a war risk on all vessels, no matter of what nationality. proceeding east of Singapore. Even in diplomatic circles hitherto sanguine of peace there is a recognition that a rupture is all but inevitable. Neither Japan nor Russia will abate anything of their claims, and there is no disposition on either side to invite the mediation of friendly powers. It is believed that Japan will take decisive steps within the next few days, unless a conciliatory message is dispatched from St. Petersburg, a contingency which those best able to form judgment do not anticipate.

Situation at St. Petersburg.

St. Petersburg, Jan. 2.—The foreign office has given out a statement that nothing had been done in connection with a reply to Japan. The Japanese minister here is unable to confirm or deny the advices received from Paris by Baron Mayashi, the Japanese minister to Great Britain, that Russia had decided not to grant the Japanese proposals. He says an answer to these proposals has not yet been made. It is generally accepted in diplomatic circles here as unlikely that an answer will soon be delivered, and attention is now mainly directed to the Japanese war preparations.

Moscow Is Uneasy. Moscow, Jan. 2.-Nothing confirmatory of the advices from Paris to Baron Hayashi, the Japanese minister at London, is known here. A high official said that he still believed the trouble will ultimately be arranged

Minister Montono's Denial. Paris, Jan. 2.-At the Japanese legation Minister Montono authorizes a categorical denial of a report that advices had been sent from the legation at Paris to the Japanese minister at to grant the Japanese proposals.
